SAMPLE

| Quantity | Part Number | Item Description |
|----------|-------------|----------------------------|
| 636 ea | U-9840 | USED 9840 Tape Cartridges |
| 4675 ea | U-3490E | USED 3490e Tape Cartridges |

This letter of certification is provided to **John Smith, ABC One Corp.** as it pertains to the destruction and disposal of the data on media to the above listed WeBuyUsedTape.net Purchase Order number. WeBuyUsedTape.net acknowledges the receipt of the above-described materials from the suppliers and that WeBuyUsedTape.net has destroyed all. All data is eradicated on all tapes regardless if the tapes are usable or not. All un-usable tapes are degaussed, recycled for plastic scrap, and shredded.

WeBuyUsedTape.net acknowledges that the materials contain confidential and proprietary information of the supplier and that, if disclosed, may harm the supplier. Accordingly, WeBuyUsedTape.net guarantees protection against third party access to the material before data is destroyed and further agrees not to disclose any information contained in the material to any third party for any reason. WeBuyUsedTape.net hereby agrees that we have not read or duplicated such files nor sold or disclosed any of such data to any other person, firm, corporation or other entity.

WeBuyUsedTape.net guarantees any information on the tape to be irretrievable through this process. DOD Destruction Levels were used to destroy the information on the tapes. Our degaussing processes meet or exceed all HIPAA and DOD requirements for magnetic media and data destruction. Non-Degaussed Tapes - tapes that cannot be degaussed, are erased with an end-to-end write process with alternating zeroes and ones written to each writable tape location, (full length and every position), and a new end-of-tape mark written. **John Smith, ABC One Corp.** may audit the destruction of confidential information by a review of randomly selected items provided by **John Smith, ABC One Corp.** under the above-stated PO.

Sincerely,

Media Sales & Acquisitions
